

## From The Chairman's Desk

The first edition of the Directory of Artisans published by RUDA is in your hands. I am sure this will be a useful resource for all those engaged in rural craft activities in Rajasthan.

We are well aware that a number of artisans are working and practicing various kinds of crafts in the State for earning livelihood in the rural non-farm sector. Rural Non-Farm Development Agency (RUDA) is making all-out effort for the promotion of these artisans and their crafts. It was suggested in various work-shops and business meets that a directory of craft artisans promoted and registered with RUDA as well as the National and State level awardees must be published. RUDA has compiled a list of artisans in the six sub-sectors of Wool-textile, Leather, Handicrafts, Khadi, Handloom and Stone-ceramic-pottery.

I am happy that details of the Mastercraftsmen and registered artisans of RUDA, as well as the State awardees and the National awardees have been included in the first edition of this directory. I am sure that future editions of this directory will include updated information of artisans working in the state, as each year new artisans in DPIIP CIG's & other SHG's formed under various development projects are being added.

Shri V. P. Goyal, Project Manager of RUDA along with the dedicated RUDA Staff have made sincere efforts in bringing out this Directory. I also take this opportunity to convey my best wishes to all RUDA partners, NGOs, Institutions and craft associations for their contribution to promote the rural non-farm sector in the State. We have acknowledged all our partners in our website: [www.ruda.org.in](http://www.ruda.org.in). The products of the artisans are also displayed on the website. I am sure that this Directory shall be a useful reference guide and a resource tool for promoters, exporters and development managers working for the promotion of craft - based livelihood in the State.

## Introduction

Rural Non Farm Development Agency (RUDA) was established in November 1995, by the Government of Rajasthan as an independent agency to promote the Rural Non-farm sector (RNFS) in the State. RUDA follows a sub-sectoral, integrated and cluster based approach for promoting rural micro enterprises as viable avenue for sustainable employment of the artisans.

Effective use and abundant availability of local resources prompted RUDA to adopt a focused developmental approach in Wool, Leather and Minor Minerals, New-generation Khadi, Handloom & Handicraft sub sectors. The interventions based on market demands, aim at bridging the gaps in the value addition chain by:
